In keeping with a commitment to imaging stewardship in the age of value, the Journal of the American College of Radiology is partnering with the High Value Practice Academic Alliance to advance radiology care transformation initiatives. A JACR focus issue will disseminate provider-led initiatives that increase efficacy and efficiency of care delivery.

Please note that submission of an abstract is not a guarantee for article solicitation, nor is JACR solicitation a guarantee for publication. Manuscripts will still undergo peer review, and acceptance of a concept proposal is not a guarantee of manuscript acceptance. Preference will be given to initiatives with the following features:

- IRB approval
- generalizable results
- blinding of outcome assessment
- compare to control group
- involve randomization, clustered randomization or stepped wedge designs
- register at Clinicaltrials.gov
- adhere to SQUIRE guidelines (Standards for Quality Improvement Reporting Excellence)

Important dates
- Concept proposal deadline: September 1, 2020
- Manuscript invitations: October 1, 2020
- Deadline for submission (if proposal invited): February 1, 2021
- Acceptances announced with request for revisions: March 1, 2021
- Deadline for final manuscripts after any requested revisions: April 1, 2021
- Official acceptances: April 30, 2021
- Print publication issue for accepted manuscripts: September 2021
