|--|--|--|---|
| Title | Name | Affiliation Cleveland Clinic Foundation. Internal Residency Program | Topic |
| Appropriate Aspirin Use for Primary Prevention Assessment and Evaluation of Sign Out Skills | Adam Fawaz, MD Alison Koransky MD | Cleveland Clinic Foundation, Internal Residency Program Internal Medicine, Lewis Katz School of Medicine at Temple University | Clinical care pathways or reducing unwarranted practice variability Clinical care pathways or reducing unwarranted practice variability |
| Breast Cancer Screening Adherence | Matthew Reeder | The Cleveland Clinic Foundation | Clinical care pathways or reducing unwarranted practice variability |
| npact of Epic Chat Discharge Priority Groups | Erwin Wang, MD, MHA | NYU Langone Hospital-Brooklyn | Clinical care pathways or reducing unwarranted practice variability |
| npact of Ongoing Front-End Redesign | Barbara Maliszewski, RN, MS, NEA-B | C Department of Emergency Medicine, Johns Hopkins Hospital | Clinical care pathways or reducing unwarranted practice variability |
| nplementing a Choosing Wisely Approach in Family Medicine Clinics | NOOR KAWMI | Pennstate College of Medicine | Clinical care pathways or reducing unwarranted practice variability |
| nproving Code Status Discussion and Documentation at HCA Florida Hospital | Keishla M. Garcia Fernandez, MD | University of Central Florida/HCA Healthcare GME Consortium | Clinical care pathways or reducing unwarranted practice variability |
| mproving ICU Intra-Hospital Transports mproving Turnaround Times for Inpatient Examinations | Gabrielle Matias MD Elizabeth Dobben, MD | Loyola University Medical Center Henry Ford Health Department of Radiology | Clinical care pathways or reducing unwarranted practice variability Clinical care pathways or reducing unwarranted practice variability |
| terative Input to Optimize Transition of Care Curriculum | Matan Arnon, DO | Temple University Hospital | Clinical care pathways or reducing unwarranted practice variability |
| Social Determinants of Health Predict Mortality among Brain Tumor Patients | Sachiv Chakravarti | Johns Hopkins University | Clinical care pathways or reducing unwarranted practice variability |
| Standardizing a Process for Identifying OOC HIV Patients | Rebeca Diaz-Reyes | Johns Hopkins University School of Medicine | Clinical care pathways or reducing unwarranted practice variability |
| Jsing QI to Reduce Malnutrition in Infants with CDH | Jennifer Davis, MSN, RN, CBC | Children's Hospital of Philadelphia | Clinical care pathways or reducing unwarranted practice variability |
| CDK 4/6 Inhibitor Cost-effectiveness in Breast Cancer Treatment | Anjali Bhatt | Texas A&M School of Medicine | Health equity: improving equitable delivery of high quality, affordable care |
| mproving Care for Spanish-Speaking Patients | Theresa Tran | Lewis Katz School of Medicine, Temple University | Health equity: improving equitable delivery of high quality, affordable care |
| Email-Facilitated HVC Case Competition | Hannah Kay, MD | University of Colorado Anschutz Campus, Children's Hospital of Colorado | High value care educational curricula (medical school, GME, CE, CME) |
| Evaluating a Value-Based Health Care Elective in Undergraduate Medical Education | | University of Texas Health Science Center San Antonio Long School of Medicine | High value care educational curricula (medical school, GME, CE, CME) |
| Evaluation of HVC Lesson for Pre-Clinical Medical Students High Value Care in Clinical Skills Curriculum | Anitra Karthic Ravohan Larick | The Ohio State University College of Medicine Eastern Virginia Medical School | High value care educational curricula (medical school, GME, CE, CME) High value care educational curricula (medical school, GME, CE, CME) |
| High-Value Care in Pre-Clinical Medical Education: A pilot | Elle Clelland | University of California, San Francisco | High value care educational curricula (medical school, GME, CE, CME) |
| mproving Education on Cost-Effective Care for Neurosurgery Residents | Sachiv Chakravarti | Johns Hopkins University | High value care educational curricula (medical school, GME, CE, CME) |
| ntegrating High Value Care and Patient Safety Longitudinally | Jacob Mansfield, BA | Washington State University | High value care educational curricula (medical school, GME, CE, CME) |
| nterest Group Supplements Health Systems Sciences Education | Lisa Yoder, BS | | High value care educational curricula (medical school, GME, CE, CME) |
| Laying Quality in the Foundation | Zachary Corey | Penn State College of Medicine | High value care educational curricula (medical school, GME, CE, CME) |
| Medical Student Experiences with High-Value Care | Christian N. Hopkins Hunter Niebus | JHUSOM Oregon Health & Science University | High value care educational curricula (medical school, GME, CE, CME) High value care educational curricula (medical school, GME, CE, CME) |
| Opportunity cost in cataract surgery | Brittany Tsou | Albany Medical Center | High value care educational curricula (medical school, GME, CE, CME) High value care educational curricula (medical school, GME, CE, CME) |
| Patient Class Determines Vastly Different Payments for Identical Hospitalizations | Charles F S Locke, MD | Johns Hopkins University School of Medicine | High value care educational curricula (medical school, GME, CE, CME) |
| Patient-Centered Workouts to Teach HVC | Glenn Moulder MD | University of Virginia School of Medicine | High value care educational curricula (medical school, GME, CE, CME) |
| Project Based Quality & Safety Curriculum for pediatric Trainees | Fauzia M Shakeel, MD, CPHQ, FAAP | Johns Hopkins All Children's Hospital | High value care educational curricula (medical school, GME, CE, CME) |
| Resource Stewardship and Cost of Care | Tanner Mitton | UT Southwestern Medical Center | High value care educational curricula (medical school, GME, CE, CME) |
| Teaching High Value Medication Prescribing | Nathan Yee | University of Massachusetts Chan Medical school | High value care educational curricula (medical school, GME, CE, CME) |
| Value-Based Healthcare Case Competition for Health Professional Students Virtual vs. In-Person HVC Course | Anjeli Patel, BS Alexia Markowski | Medical College of Georgia The Ohio State University College of Medicine | High value care educational curricula (medical school, GME, CE, CME) High value care educational curricula (medical school, GME, CE, CME) |
| A Multifaceted Approach to Test Overutilization in Rheumatology | Saloni Goyal, DO | Lehigh Valley Health Network | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| A Multilaceted Approach to Test Overdulization in Rhedmatology | Lauren M. Granat, DO, MS | Cleveland Clinic Internal Medicine Residency Program | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Appropriate Imaging Selection for Patients with Hip/Shoulder Pain | Davis Lane Rogers, MD | Johns Hopkins Hospital. Department of Orthopaedic Surgery | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Choosing Wisely Materials in Case Based Learning | Nathanael Jensen | University of Utah School of Medicine | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Comfort Measures Blood Draws | Joseph S. Wallins, MD, MPH | Memorial Sloan Kettering Cancer Center | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| EB Guideline for ED Urinary Catheter Management | Harry Flaster, MD | Johns Hopkins Department of Emergency Medicine | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| HIS through PHRs among Women Susceptible to Breast Cancer | Hyunmin Kim, Ph.D. | The University of Southern Mississippi School of Health Professionals | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Implementation of decision support for the evaluation of new fever in the pediatric in Improving Pandemic-Related Colon Cancer Screening Rates | Matthew Genelin | Johns Hopkins University School of Medicine University of Colorado School of Medicine | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Nutritional Rehabilitation in Eating Disorder Patients | Miyabi Saito | University of Virginia School of Medicine | Improving appropriateness of diagnostic of screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic of screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Orthopedic Surgeon Recommendations for Imaging | Shvam Ramachandran | Texas A&M School of Medicine | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Racial Disparities in Laboratory Monitoring of Isotretinoin | Divya Manoharan, BA | Johns Hopkins University School of Medicine | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Reducing Inappropriate Thyroid Testing | Da Wi Shin | NYC Health +Hospitals/Mount Sinai Medical School | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Reducing Inappropriate Vitamin D Screening | Nessreen Mestari MPA | NYC Health+ Hospitals | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Reducing Repeat Inpatient TTEs | Becca Engels, MD, MPH | Johns Hopkins Hospital | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Redundant Inflammatory Marker Use Series We Do For a Reason | Kathryn Bakkum, MD Jennifer K. Readlynn, MD, FHM | Akron Children's Hospital University of Rochester School of Medicine & Dentistry | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Telemetry Decision Support Tools Effecton Alarm Burden and Use | Jennier K. Readiynin, WD, Frivi | | |
| | Trent Johnson MD | Johns Honkins Liniversity School of Medicine | |
| The echocardiogram effect on length of stay | Trent Johnson, MD Alisha Maity, MD | Johns Hopkins University School of Medicine Lankenau Medical Center | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| | Trent Johnson, MD Alisha Maity, MD Sara Velayati MD | | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Thyroid Function Screening Quality Improvement Project Utilization of the FIB-4 for Appropriate NAFLD Consultation | Alisha Maity, MD Sara Velayati MD Stephanie Lopez Orizondo, MD | Lankenau Medical Center Long Island Community Hospital UCF/HCA Healthcare GME, Greater Orlando | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra |
| Thyroid Function Screening Quality Improvement Project Jtilization of the FIB-4 for Appropriate NAFLD Consultation Analysis of Red Blood Cell Transfusions During COVID-19 | Alisha Maity, MD Sara Velayati MD Stephanie Lopez Orizondo, MD Adelaide Kwon, MD | Lankenau Medical Center Long Island Community Hospital UCF/HCA Healthcare GME, Greater Orlando UT Southwestern Medical Center | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of tratement/interventional services (medications, translusions, endoscopy, interventional radiology, surgery, etc |
| Thyroid Function Screening Quality Improvement Project Utilization of the FiB-4 for Appropriate NAFLD Consultation Analysis of Red Blood Cell Transfusions During COVID-19 Are We Following Guidelines for COPD Exacerbations Treatment? | Alisha Maity, MD Sara Velayati MD Stephanie Lopez Orizondo, MD Adelaide Kwon, MD Htay Htay Kyi, MD | Lankenau Medical Center Long Island Community Hospital UCF/HCA Heathcare GME, Greater Orlando UT Southwestern Medical Center Rutgers New Jersey Medical School | Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of diagnostic or screening services (consultations, labs, imaging exams, cardiac telemetry, EEG, echocardiogra Improving appropriateness of treatment/interventional services (medications, transfusions, endoscopy, interventional radiology, surger, etc Improving appropriateness of treatment/interventional services (medications, transfusions, endoscopy, interventional radiology, surger, etc |
| Thryoid Function Screening Quality Improvement Project Utilization of the FIB-4 for Appropriate NAFLD Consultation Analysis of Red Blood Cell Transfusions During COVID-19 Are We Following Guidelines for COPD Exacerbations Treatment?
